Drive positive and lasting change in your school

Are you a teacher keen to develop your expertise and improve outcomes for pupils in your school? This programme uses evidence-based practices to help you create a school-wide culture where staff and pupils can thrive.

Benefits for teachers

> Become an expert

This programme offers continuous professional development and a chance to develop specific expertise with feedback and support.

> Learn about effective school culture

Understand the factors that lead to an effective school culture and develop classroom systems and processes to support pupils and get the best out of them.

> Drive meaningful change

Develop your knowledge in leading behaviour and culture and apply this in practice across your school. You will engage and motivate staff and pupils and reduce disruption in classrooms.

> Train to your timetable

This programme is designed to fit around your busy teaching role and much of the work can be completed in bite-size chunks around your existing schedule.

> Build your network

You will complete this programme alongside other teachers working in similar school contexts. This gives you a chance to share experiences and build a valuable support network.

Benefits for schools

> Improve pupil outcomes

Pupils are more likely to thrive in a positive and encouraging school environment driven by a consistent approach to rules and rewards.

> Build a positive school culture

Investing in your teachers' development will make them feel supported and more satisfied in their work. This will filter down to the classroom, creating happier, more motivated pupils.

> Highly flexible delivery

Our NPQs are designed to fit around your teachers' existing working timetables and are delivered in short, sharp bursts of learning.

> Create a common knowledge base

All of Ambition Institute's NPQs are aligned. Teachers who complete them share a common language and framework to drive behavioural and cultural change across your school.

> Share knowledge

Participants will learn alongside other teachers whose contexts are similar to their own, facilitated by experienced trainers who know and understand your needs.
